

ABOUT WISHES 4 ME

The Wishes 4 Me Foundation strives to find resources for disabled individuals to live a less stressful life. We work to find programs to assist individuals needing adaptive equipment, college funding, personal care assistance, day health programs, job search and much, much more. At the same time, we are working towards developing a community to assist disabled individuals to be more independent and to provide a positive residential environment.

Some of our programs include:

- Assist in providing and/or locating medical equipment
- Scholarship program for individuals with a disability
- Scholarship program for individuals who have taken an active part in assisting disabled individuals through volunteer work
- Assist with job search
- Develop a day health program in the metro Atlanta area for several surrounding counties
- Assist with medical bills
- Assist with living arrangements

These are *just a few* of our programs.
